Introduction

Web development and AI enthusiast with a growing passion for building smart and responsive applications. Hands-on experience in front-end development using HTML and CSS, and currently exploring cloud technologies and AI integration. Eager to work on real-time projects that combine innovation with practical problem-solving. Seeking opportunities to enhance my skills and contribute to impactful tech solutions.

EDUCATION

B.Tech in Computer Science and Engineering

Jawaharlal college of engineering and technology • kerala

CERTIFICATIONS

Lets Upgrade- HTML&CSS BOOTCAMP

ASAP- Introduction to python programming

Step From Hindu Group– English Proficiency Certificate

Projects

• **My Portfolio Website** - Designed and developed a simple and responsive personal portfolio using HTML and CSS. Showcases personal introduction, contact details, and project highlights. Built as a part of my learning journey in front-end web development to strengthen skills in semantic HTML and styling with CSS.

Skills

Familiar with HTML and CSS for front-end development, with ongoing learning in JavaScript. Basic knowledge of cloud platforms like AWS and Azure, and currently exploring AI integration in web projects. Comfortable using Git, GitHub, VS Code, and Linux terminal commands.

Professional memberships
